A2 Desi Cow Ghee 500 G (Glass Bottle)

Weight : 500 G

Price : 995 / 950

It is prepared by traditional Indian method where we use A2 cow milk for making curd. Then the Curd is hand churned (bi-directional) to extract butter in earthen pot. Obtained Butter is slowly heated to extract CharakAshtanga Desi Ghee is prepared by the traditional bilona churned method. You obtain desi ghee from curd route. Where you first obtain milk from desi cow's, only 70% of milk is obtained and 30% left for the calf. Then you boil milk in earthen pots and keep the milk overnight to make curd out of it. Once you have curd, you need to make butter out of curd and then this butter got boiled to evaporate water from ghee and the fat (clarified butter) is separated from the milk solids. In ayurveda, cow ghee is believed to be the best for human consumption. It is considered as rasayana, a rejuvenating and longevity promoting food. It is a rich source of vitamin A which is essential for vision, body growth, bone metabolism and immune function.

Features & Details:

1. High smoke point and Best for cooking and Deep frying.

2. Helpful in pregnancy, Slow downg aging process and Good for growing kids.
3. Pure cow ghee.
4. CharakAshtanga Desi A2 ghee is nutritious, healthy and pure with A2 proteins made from A2 milk of indian native cows. Unlike other ghee products that claim to be organic and without lactose, our ghee butter is 100% natural, produced by grass-fed Indian desi cow milk.
