

Honey 1 KG (Glass Bottle)

Weight : 1 KG

Price : 498 / 470

Since ancient times, honey has been used as both a food and a medicine.

It's very high in beneficial plant compounds and offers several health benefits. Honey is particularly healthy when used instead of refined sugar, which is 100% empty calories. CharakAshtanga Honey is 100 percent natural and organic certified and good for your health. It is smooth, fragrant, perfectly and irresistibly delicious, while being a natural source of energy. This golden nectar rich in wild forest tastes and aromas is sustainably collected in the Himalayan forest, where flowering trees and plants grow in abundance (and are never sprayed with chemicals). CharakAshtanga honey is naturally complete with healthful minerals and nutrients and perfect for adding sweetness to your life by spoonful, as well as your favourite tulsi tea toast and desserts.

Features & Details:

✓ CharakAshtanga honey is 100% pure and natural honey. It's a raw, unfiltered, unprocessed and unpasteurized honey which is natural immunity booster as per Ayurveda.

✓ It is an Ayurvedic Remedy for Weight Loss, Cough and Digestive Problems.

✓ CharakAshtanga honey is smooth, fragrant, perfectly and irresistibly delicious while being a natural source of energy.

✓ From hive to table, a product of exceptional quality so you can enjoy the superior taste, quality and benefits straight from nature.

✓ Our dedication to the purity and quality of our honey is what sets us apart from the rest.

Jaggery Cube 450 G

Weight : 450 G

Price : 80 / 59

Jaggery is a sweetener that's becoming popular as a "healthy" replacement for sugar.

What's more, this sweetener has been given a serious health halo.

It's often referred to as a "superfood sweetener."

Jaggery i.e. "Gur" in Hindi is also known as 'Bellam' in Telugu, 'Vellam' in Tamil, 'Sharkara' in Malayalam, 'Bella' in Kannada, and 'Gul' in Marathi. It is basically unrefined sugar which is obtained from raw, concentrated sugarcane juice. It is prepared by boiling sugar cane juice till it solidifies and then put into blocks. Jaggery activates the digestive enzymes in the body, stimulates bowel movements and thus helps prevent and relieve constipation. Jaggery is a natural body cleanser. Jaggery helps cleanse the liver by flushing out harmful toxins from the body, which further helps detoxify the liver. All you need to do is mix it with warm water and drink up, or even add it in your tea instead of sugar to reap the benefits. Jaggery produces heat in the body, which is why generally people consume it in winters. One of the most well-known benefits of jaggery is its ability

to purify the blood. Jaggery also helps increase the total count of hemoglobin in the blood.

Features & Details:

✓ Jaggery is a natural body cleanser, which helps detoxify the liver. All you need to do is add it in your tea instead of sugar to reap the benefits. Jaggery produces heat in the body, which is why generally people consume it in winters. One of the most well-known benefits of jaggery is its ability to purify the blood. Jaggery also helps increase the total count of hemoglobin in the blood.

1. Jaggery is a type of unrefined sugar made from sugar cane. Much of the world's production takes place in India.
2. "Jaggery" a sweetness symbol of our great Indian tradition.
3. Jaggery can replace refined white sugar in foods and drinks. It's also used in palm wine production and as part of natural fabric dyes.
4. No chemicals added.
5. No sulphur compounds.

Product Information:

Speciality	100% Pure & Natural
Volume	450 g
Ingredient Type	Vegetarian
Brand	Charakashtanga
